

The Touch of Life

# PAEDIATRIC TRAUMA CME - 2014

## UNDER THE AEGIS

Indian Society of Anaesthesiologists.

Indian Association of Paediatric Anaesthesiologists.

Research Society of Anaesthesiology & Clinical Pharmacology.

Date : Sunday, 26th Jan 2014

Venue: SPARSH Hospital  
for Advanced Surgeries

#146, Infantry Road, Bengaluru - 560001

- CME Focus**
- \* Primary Resuscitation
  - \* Paediatric Trauma Airway
  - \* Fluid Resuscitation in Children
  - \* Management of Paediatric Head Injury
  - \* Pain management in Paediatric Trauma
  - \* Burns Management in Paediatrics
  - \* Post Resuscitation Care
  - \* Importance of Radiology in Paediatric Trauma
  - \* Paediatric Surgical Emergencies

Dear Friends,

Greetings from

SPARSH Hospitals.

Indian Society of Anaesthesiologists.

Indian Association of Paediatric Anaesthesiologists.

Research Society of Anaesthesiology & Clinical Pharmacology.

We have great pleasure in inviting you for

**“Paediatric Trauma CME - 2014”**

Trauma or unintentional injury is a significant cause of morbidity and mortality in children. According to a 2004 WHO report, there were over 950,000 deaths due to unintentional injury in children under the age of 20, of which only around 29,000 (3%) occurred in the high income countries. The major causes were road traffic accidents (22%), drowning (16%) and burns (9%). (There is no such data available for India or other low income countries though the numbers would be considerably higher). An important cause for childhood injuries, which is commonly overlooked, is physical and sexual abuse.

An anaesthesia provider may have to take care of an injured child for initial stabilization in the emergency department, provide sedation and monitoring for imaging, emergency surgery such as laparotomy or craniotomy, semielective surgeries such as stabilization of long bone fractures, management in the intensive care unit and control of pain including regional analgesia. At this CME program we hope to discuss these situations at length with lectures from experts, case presentations and discussions led by our paediatric fellows and even participate in a quiz on how to manage the traumatised child. At the end of the day we hope we will all take home some additional knowledge that will make the world a safer place for our children.

**Warm Regards**

Dr. Rebecca Jacob

Dr. Chandrashekar

Dr. Yohannan John

## PROGRAM

TIME	PROGRAM	FACULTY
08:15 am onwards	Registration and Inauguration	
09:00 am TO 09:30 am	Primary Resuscitation – PTLs	<b>Dr. Aruna Ramesh</b> Prof. of Anaesthesia M.S.Ramaiah Medical college, Bengaluru
09:30 am TO 10:00 am	Paediatric Trauma Airway	<b>Dr. S. Ramesh</b> Director of Anaesthesia Kanchi Kamakoti Child Trust Hospital, Chennai
10:00 am TO 10:30 am	Fluid Resuscitation	<b>Dr. Chandrika</b> Prof. of Anaesthesia Indira Gandhi Institute of Child Health, Bengaluru
10:30 am TO 11:00 am	Management of Paediatric Head Injury	<b>Dr. Georgene Singh</b> Associate Prof. of Anaesthesia Christian Medical College, Vellore
11:00 am TO 11:20 am	Tea Break	
11:20 am TO 11:50 am	Pain Management in Paediatric Trauma	<b>Dr. Balavenkat</b> Director of Anaesthesia Ganga Hospital, Coimbatore
11:50 am TO 12:20 pm	Burns Management in Paediatrics	<b>Dr. M. Subramanyam</b> HOD Anaesthesia Rainbow Hospital & Perinatal Centre, Hyderabad
12:20 pm TO 12:50 pm	Post Resuscitation Care	<b>Dr. Jayanthi</b> Consultant Anaesthetist Kanchi kamakoti Childs Trust Hospital, Chennai
12:50 pm TO 01:20 pm	Importance of Radiology in Paediatric Trauma	<b>Dr. Asha Kuruville</b> Consultant Paediatric radiologist Bangalore Baptist Hospital, Bengaluru
01:20 pm TO 02:20 pm	Lunch Break	
2.20 pm TO 02:50 pm	Paediatric Surgical Emergencies in Trauma	<b>Dr. Naveen Thomas</b> Paediatric Surgeon and Medical Director Bangalore Baptist Hospital, Bengaluru
2.50 pm TO 03:15 pm	Quiz	<b>Dr. Elizabeth Joseph</b> Associate Prof. of Anaesthesia Government Medical College, Trissur
3.15pm TO 04:00 pm	Case Presentation	<b>Moderator</b> <b>Prof. Elsa Varghese</b> Formerly Prof. of Anaesthesia
4.00 pm TO 04:45 pm	Case Presentation	KMC, Manipal
04:45 pm	Tea and Refreshment

# REGISTRATION FORM

## PAEDIATRIC TRAUMA CME - 2014

Name ..... Age .....

Mobile No. .... Residence No. ....

Email ..... Qualification .....

Year of passing your highest qualification .....  Consultant  Registrar

Where do you practice? City / Town ..... State .....

Are you a teaching faculty? (Medical College / DNB)  Yes  No

If yes, Institution & Designation .....

Average number of surgeries you anaesthetise every year

Adults ..... Paediatrics .....

KMC Registration Number .....

<b>Registration Fee :</b>	<b>Post Graduate</b>	<b>Consultant</b>	<b>Spot Registration</b>
	Rs. 250/-	Rs 500/-	Rs. 700/-

---

The number of delegates will be limited to maintain a good faculty delegate ratio.

Mode of Payment : Multicity Cheque / DD in favor of  
"SHIVA AND SHIVA ORTHOPAEDIC HOSPITAL PVT. LTD"

Please Send Registration Form and Multicity Cheque / DD to

Address for Correspondence : C.E.O. SPARSH Hospital for Advanced Surgeries,  
# 146, Infantry Road, Bengaluru - 560 001
